* Class size: See below for details.

4K Ultra HD (3840 x 2160)

OLED HDR with Dolby Vision™

Perfect Black Panel

Cinematic Color

Ultra Luminance

4K Upscaler

Pixel Dimming

webOS 3.0

OLED

LG OLED is not just a new TV; it's an entirely new category of television. OLED, short for organic light-emitting diode, is a revolutionary technology with self-lighting pixels that switch off to achieve perfect black and infinite contrast. LG OLED TVs are available in Full HD and 4K resolution.

OLED HDR with Dolby Vision™*

HDR and Dolby Vision™ together in one premium TV, delivering the next generation of picture quality.

Perfect Black Panel

OLED pixels — all 8.3 million of them — can switch off individually to achieve perfect black and infinite contrast.
